WESTERN DISTRICT OF TEXAS  
BY                      DEPUTY CLERKCaroline Morgan,  
Plaintiff,

v.

United States Postal Service, (ex-parte),  
Defendant.DISCRIMINATION & MAIL FRAUD  
COMPLAINT

W20CA175

Plaintiff, Caroline Morgan, brings forth this lawsuit against the Defendant, United States Postal Service (USPS) for the unlawful discrimination perpetrated on 6/13/14 & 3/2/20 and for the unlawful mail fraud acts perpetrated 5/20/14 & 6/4/14. The Defendant acted under the circumstances out of bounds of their lawful authority.

1. Plaintiff, Caroline Morgan, acting as pro se litigant is a natural born citizen of the U.S.A. & a resident of the City of Austin, Travis County, State of Texas. Plaintiff's mailing address is 823 S. Congress Ave, Austin, TX 78701 c/o general delivery. This mailing address does not work. The USPS did not deliver all of my mail in 2016 repeatedly & then in 2017 attempted mail fraud for which I have a separate lawsuit against them. This is the only mailing address USPS would allow me to have. In 2017 they attempted to try & say I received a piece of mail for which I never received. Since then this mailing address has been forever compromised.
2. Defendant, USPS, mailing address is 470 L'Enfant Plaza, S.W., #604, Washington, DC 20024.
3. This lawsuit is filed ex-parte for fear of my life. I have been incapacitated & attacked inside USPS post office buildings. And on 2/22/20 the Def. attempted to set me up by having someone take my red glove (to use for a crime & then pin it on me) while I was at the USPS post office mailing a court document. In my current lawsuit against the City of Austin, at this same courthouse USAC WAK Waco Div, I have detailed some of USPS' illegal acts against me. I have detailed this in the past 3 court legal documents I have mailed over the past week. Therefore, the Def. is pissed & has motive to harm me more. I have no protection available to me (see lawsuit against City of Austin filed in this court), so this is filed ex-parte; no service required. The harm is imminent; they have done it in the past; and they have motive.
4. This court has jurisdiction pursuant to 28 U.S.C. § 1343 and 18 U.S.C. § 1601.
5. Venue is placed in this district to guarantee Plaintiff non-judicial bias. In 2016 Plaintiff sued the Clerk's Office of the Austin Division & Hon. Sam Sparks. Hon. Sam Sparks subsequently recused himself.
6. In 2015 I filed my first lawsuit ever in my whole life against the FBI to get my FBI record to find out why they were attacking me. (USDC AUS. 1:15-1255-SS) Then my USPS mail of court docs started to be delayed to me; then they were denied; then they were tampered with. The FBI increased their attacks against me the more legal action I sought. I went to the City hospital for treatment & tests, they took my urine & then refused help. I went to the City Police when the FBI chemically burned both my elbows, they refused to help. APD officers Jones #4494 & Castillo #4973 said the FBI is US Gov't, and they also work for the US Gov't so they would not file a police report. Then Officer Jones chuckled & said "but you should get those looked at because they look real bad." I subsequently sued the hospital & the City. Then after the FBI & City's latest attempt to set me real bad, I subsequently sued the hospital & the City. Then after the FBI & City's latest attempt to set me up "illness" "sex" "conduct" "child" failed, they came up with a plan for the City to place me under Emergency Detention on 5/30/14 & ~~on 6/4/14~~ have me illegally mentally diagnosed to create their mental health defense. The Def. USPS was aware or made aware of this; I was only released from the mental hospital on 6/3/14, because it was the same hospital group I already had a lawsuit against & on 6/2/14 I mailed a motion to stay any order of probate custody. This is a very simplified backstory to how & why the Def. discriminated against me & engaged in mail fraud. I have basis for my previous lawsuit against the Def.
7. On 5/20/14 I went to USPS to mail a Fed. tort claim against the US Supreme Court, to tell them what the FBI & City were doing to me now & to ensure my blood evidence made it to San Antonio District Court. I tried to get meter postage but the Clerk #04 would not let me. So I bought a stamp & the Clerk #04 issued me a "No service postage" receipt. The Def. had no intention of mailing this. Clerk #04 even agreed that I was being screwed. The Def. knowingly gave me

a false receipt that contained a materially false & fraudulent entry of "No service postage" to deny my doc delivery. The City's Evr. Detention was already in play. I would attach this receipt but don't have postage. If it is filed in the City case.

8. On 6/4/19 I went to USPS to mail certificate of service to the hospital at motion to stay order of protection custody to the in court compliance. My defendants - USPS, FBI, City of Austin, etc - did not want this mailed. They wanted an order issued & for all of my lawsuits against them to go away. USPS, the Def., gave me a receipt that had receipt of a package on it. I told Clerk #35 I did not receive a package & to please correct the receipt for me. She would not. I went & looked up the tracking number on the website & it said the package was from Birmingham, Alabama. I went back & the manager was up front. I told her what happened. I had written notes on the receipt. She agreed to fix it but snatched the receipt & tracking information in an ugly way. I was able to tear off 3 notes from receipt #1. The Def. ~~conspired~~ knowingly gave me a false receipt that contained a materially false & fraudulent entry in an attempt to set me up for whatever kind of "criminal charges" were going to be associated with that Birmingham, Alabama package. (USPS 6/4/19 receipt attached as Exhibit A #1 & #1A.)

9. On 6/13/19 I mailed my sister a post card to ask her to hang onto my bags (that contained all of my evidence against the FBI & City & ~~was~~ that the City illegally seized on 5/30/19. I went to USPS & asked for meter postage, so my sister's zip code, 78745, would be on my USPS receipt. I only had enough money for a post card. Clerk #08 said meter postage was not allowed for post cards. Then I asked to buy a post card stamp. Clerk #08 said they were out; that they did have some, but they were in the safe & the manager was out stock. My defendants - USPS, FBI, the City, etc - did not want me to establish contact with my sister & protect my evidence against all of them. The Def. intentionally discriminated against me to try to stop me from mailing this postcard to my sister. ~~conspired~~ They tried every way they could to deprive me of my freedom of speech to mail this card. (See Exhibit A #2.)

10. Today, 3/2/20 I went to USPS to mail my sister a monthly correspondence to continue to watch my bags. I arrived at 9am, printed a USPS tracking ticket to establish the time & proof I arrived there. I mailed this letter shortly after, probably 9:10am. Then I began to work on my second mailing, a legal doc. I was out of the way, as I always am, when at 9:35am postal employee Edna Wilson-Duquay engaged me in the ugliest way. She said "you are not conducting business, you need to leave, I will call the police." I said politely "I did mail a letter." She replied again in an ugly way "you drop the mail in & then you leave." Then she walked away. I got up with my stuff & went to the front counter to ask her name. The 2 male postal employees would not give it to me. I was polite & calm the whole time. I pointed that she was in the back. She heard & came up front after the 2nd or 3rd time. She came out loudly saying her full name, then she said "And I did call the police!" I said politely "I did mail a letter" and she cut me off & said her name loudly again. I went to print a USPS tracking ticket to establish the time I left. She continued to talk loud with the 2 male employees, saying that I was "not allowed to loiter on the building, sitting outside was one thing but not in the bus lobby." Black's Law Dictionary defines loitering as "The criminal offense of remaining in a certain place (such as a public street) for no apparent reason." I still had a reason for being there. I had a postage stamp unused, paper & an envelope & I needed to mail a legal doc. The heat is on my defendants right now & they're stressed & they're attempts at creating false set up "criminal charges" of me keep on failing. They all know I put my legal docs together at USPS. There are plenty of people who come in without their package together & put it together there before they mail it. I was intentionally discriminated against because the USPS, Def., doesn't want me writing any more legal docs about them, nor do my other Defs. The FBI rendered me dirt poor a long time ago. I have no money to go sit somewhere & write. And I can't go write a legal doc against the City in one of their libraries because then I'll be continuously harassed out/overcasted. I stated all of this in a court doc recently, because the police were called out to a USPS on me & when they arrived, I stated I was working on putting something in the mail & they could clearly see it was & they immediately left. It was more of a call to intimidate me. I have a right to put a package together at USPS just like everyone else does. Some of the USPS locations where they can't see me in the lobby; I tell them ~~about~~ I'm out there, so they'll know. The Defs. denied me the right to freedom of speech today & equal protection of the laws. I was brutally attacked last night & will be again tonight because USPS unlawfully withheld me out, would not let me put a package together to mail. (3/2/20 USPS bag tracking tickets attached as Exhibit A #3 & #4)

11. Damages sought are \$23,800,000,000.00. I have had thousands of illegal medical acts perpetrated on my body since 5/30/19.

WHEREFORE, Plaintiff prays that judgment be entered in her favor & soon before they kill me.
